As you pass through the kitchen you enter the dining room that is open to the large and spacious living room. This room is light and bright with plenty of windows. The florida room is located off of the living room on the east side of the home and has new carpeting and jalousie windows. The two bedrooms are located in the back of the home away from the street. The guest bedroom is large and has a closet. The guest bathroom has been beautifully remodeled and has a tub/shower combination with sliding doors and a new dark wood vanity. The master bedroom is in the very back and is large and includes a walk in closet. The master bathroom has a new espresso wood vanity with plenty of storage and counter space. The shower and toilet are in a separate room. All the plumbing is new. On the outside, there is new skirting, freshly painted, and even has a brand new A/C/ heater.

The work has been done, just move in!
