What a deal on this great home! You will love this large and open

kitchen. There is a bar for additional seating and entertaining. There is no shortage on counter top or cabinet space here. The adjoining dining room is bright and has a built in hutch for extra storage. The living room is quite comfortable and has a great entertainment center at one end. The florida room can be accessed through the living room sliding glass doors and what a room this is! A great place to relax and enjoy a cup of coffee. The hall bathroom is bright and has a vanity and a tub/shower combo. The guest bedroom is large enough for a full size bed and furniture. The master suite has a large closet and large bathroom. The vanity is long and has a lot of counter space. The shower is updated and is a walk in with sliding doors. Put this one on the list to be seen. It will not disappoint!
